

2023 Annual Nicotine and Tobacco Science Conference

Smoking Cessation and Tobacco Harm Reduction: Who, What, Why and How?

Raleigh / Durham NC, Oct 19, 2023
DRAFT AGENDA - SUBJECT TO REVISION

----- [Event Website: tobaccoscience.com](http://tobaccoscience.com) -----

Breakfast / Registration	<i>Continental Breakfast</i>	8:00
Introduction	<i>Jed Rose</i>	8:45
Keynote: "Who and What?" Ray Niaura, NYU	Stopping Smoking - Who are the High Risk / High Impact Populations and What are Potential Solutions?	8:55
Session 1: "Who?"	Intervention Points for Cessation and Harm Reduction – Populations of Impact <i>Moderator: Sally Satel, Yale / AEI</i>	9:35
Mike Cummings, MUSC	Systems-Based Interventions Implementation of an Opt-out Smoking Cessation Program: Opportunities and Challenges	9:40
Break		10:05
Sarah Pratt, Dartmouth	Interventions for People with Schizophrenia or other Mental Health Conditions Results from a Switching RCT in a Population of Adults with Serious Mental Illnesses	10:20
Reactor Panel	Discussion and Audience Questions	10:45
Session 2: "Why?"	Longer Term Outcomes of Cessation and Harm Reduction	11:10
Brad Rodu, Univ. Louisville	Changes in Health Symptoms - Results and Analysis Methodologies Heterogeneity and Other Problems in a Pooled Analysis of Snus Use and Mortality	11:15
TBD (Invited)	Changes in Health Symptoms - Results and Analysis Methodologies	11:40
Reactor Panel	Discussion and Audience Questions	12:05
Lunch / Posters	Lunch and Poster Session	12:15
	<i>Buffet Lunch</i> Poster Session	
Session 3: "How?"	How Can We Accelerate Cessation and Harm Reduction?	1:45
Highlight Topic TBD (invited)	<i>Timely, Accurate, and Comprehensive Surveillance: Opportunities, Challenges, and Health Equity Impact</i>	1:50
Reactor Panel	Discussion and Audience Questions	2:20
Break		2:45
Sooyong Kim, Pinney Associates	Tobacco Harm Reduction Approaches US Adult Smokers' Relative Risk Perceptions: Effects on Transitions between Cigarettes and ENDS	3:00
Jed Rose, RRC	Combining Medicinal Cessation and Tobacco Harm Reduction Approaches Novel Paradigms for Stopping Smoking: Clinical Trial Designs and Results	3:25
James Davis, Duke	Adaptive Use of Varenicline or Nicotine Patch RCT of Bupropion in Combination with Varenicline or Patch for Non-Responders to Monotherapy	3:50
Reactor Panel	Discussion and Audience Questions	4:15
Closing Comments		4:40
End of Conference		4:45
