

2023 Annual Nicotine and Tobacco Science Conference

Smoking Cessation and Tobacco Harm Reduction: Who, What, Why and How?

Raleigh / Durham NC, Oct 19, 2023

----- [Event Website: tobaccoscience.com](http://tobaccoscience.com) -----

Breakfast / Registration	<i>Continental Breakfast</i>	8:00
Introduction	<i>Jed Rose</i>	8:50
Keynote: "Who and What?"	Stopping Smoking - Who are the High Risk / High Impact Populations and What are Potential Solutions?	9:00
Ray Niaura, NYU		
Session 1: "Who?"	Intervention Points for Cessation and Harm Reduction – Populations of Impact <i>Moderator: Sally Satel, Yale / AEI</i>	9:40
Mike Cummings, MUSC	Systems-Based Interventions Implementation of an Opt-out Smoking Cessation Program: Opportunities and Challenges	9:45
Break		10:15
Sarah Pratt, Dartmouth	Interventions for People with Schizophrenia or other Mental Health Conditions Results from a Switching RCT in a Population of Adults with Serious Mental Illnesses	10:30
Reactor Panel	Discussion and Audience Questions	11:00
Session 2: "Why?"	Longer Term Outcomes of Cessation and Harm Reduction	11:15
Riccardo Polosa, Univ. Catania*	Changes in Health Symptoms - Results and Analysis Methodologies	11:20
Reactor Panel	Discussion and Audience Questions	11:50
Lunch / Posters	Lunch and Poster Session	12:00
	<i>Buffet Lunch</i> Poster Session	
Session 2: "Why?"	Longer Term Outcomes of Cessation and Harm Reduction (cont'd)	13:15
Brad Rodu, Univ. Louisville	Changes in Health Symptoms - Results and Analysis Methodologies Heterogeneity and Other Problems in a Pooled Analysis of Snus Use and Mortality	13:20
Reactor Panel	Discussion and Audience Questions	13:50
Session 3: "How?"	How Can We Accelerate Cessation and Harm Reduction?	14:00
Matt Carpenter, MUSC*	Tobacco Harm Reduction Approaches Effect of Unguided e-Cigarette Provision to Adults who Smoke: a Naturalistic, Randomised, Controlled Clinical Trial	14:05
Reactor Panel	Discussion and Audience Questions	14:35
Break		14:45
Sooyong Kim, Pinney Associates	Tobacco Harm Reduction Approaches US Adult Smokers' Relative Risk Perceptions: Effects on Transitions between Cigarettes and ENDS	15:00
Jed Rose, RRC	Combining Medicinal Cessation and Tobacco Harm Reduction Approaches Novel Paradigms for Stopping Smoking: Clinical Trial Designs and Results	15:30
James Davis, Duke	Adaptive Use of Varenicline or Nicotine Patch RCT of Bupropion in Combination with Varenicline or Patch for Non-Responders to Monotherapy	16:00
Reactor Panel	Discussion and Audience Questions	16:30
Closing Comments		16:55
End of Conference		17:00
*presenting remotely
